Please note Polkerris now swim on a Thursday.

Parenting in the Digital World

Dear Parents / Carers of Tywardreath School,

As peoples digital lives continue to grow, we know that for young people, spending an increasing amount of time online, holds lots of potential risks and concerns.

To allow you to help your young people navigate themselves through their ever rapidly growing digital lives, whilst at the same time allowing them to be independent digital users, we are running a special live, virtual online safety presentation on 21.11.23 at 7pm (On Zoom).

We know that many feel overwhelmed trying to keep up with the constant evolution of games, apps and social media platforms and are quite often understandably worried about, online-bullying, grooming and what they are sharing online.

During this 90min session, Richard from The Stay Safe Initiative CIC will be helping you to understand your young peoples digital lives a bit more. Exploring what they are doing online, understanding the risks, and providing straight forward help and advice to keep everyone at home safe.

Attendees will **NOT** need to speak or have their cameras turned on during the presentation. This has been designed purely to provide you with as much information as possible, to allow you to make informed decisions and choices about your young peoples digital lives. Due to the nature of certain risks the online world holds for children, this presentation is **NOT** for the eyes and ears of children and young people.

During the informal Q&A session at the end of the presentation, Richard will be happy to stay online for as much time as needed to help address any of your individual questions and comments should you have any.

We look forward to hopefully seeing you soon. Please find ZOOM invite details on the next page.
